

CLASS PARTICIPATION (GRADES 9-12)

In accordance with New York State Law, the Board of Education hereby affirms that parents are responsible for the regular and punctual attendance at instruction of children under sixteen (16) years of age.

In addition, the Board of Education determines that participation in classroom activities is directly related to a student's ability to benefit from instruction. Learning that takes place in the classroom is an integral part of the educational process and difficult to duplicate outside of that setting.

Consideration of class participation in the determination of a student's grades is encouraged.
