

STUDENT INJURIES AT INTERSCHOLASTIC ATHLETIC EVENTS

In order to provide reasonable assurance of the health and safety of those who participate in interscholastic athletic programs sponsored by the Berlin Central School District, the Board of Education establishes that first aid shall be provided to those injured or otherwise incapacitated at interscholastic athletic events, and that transportation to an appropriate health care facility shall be provided by the District for any such participant when circumstances are deemed to warrant.

The Superintendent of Schools shall develop and disseminate rules and procedures for effectuating this policy.
