

## **TRANSPORTATION FOLLOWING INTERSCHOLASTIC EVENTS**

Transportation is not generally provided for students following interscholastic events.

In the case of a school activity held on school property at a time other than during school hours, it is the responsibility of parents/guardians to provide transportation home following the activity.

In the case of scheduled interscholastic events held away from our school district, participants will be delivered to designated drop-off points on State routes as determined by the administration and reviewed periodically.

Students will not be dropped off at the end of a road to walk to their homes.

### **Coaches' Responsibility:**

Coaches are responsible for assuring on an annual basis that students and parents/guardians are informed in writing of the drop-off points.

Under no circumstances should drivers drop off students at any point other than those specifically provided by the school district.
