Subject: New Website for New York State School and District Report Cards

As of 4:00 p.m. October 5, 2011, the New York State Report Cards will no longer be available at [www.nySTART.gov](http://www.nySTART.gov). Instead, users who click on the "nySTART Public Web" link at [www.nySTART.gov](http://www.nySTART.gov) will be automatically redirected to a new web site - <https://reportcards.nysed.gov/>.

This newly enhanced New York State Report Card website incorporates dynamic Google Map features that allow you to quickly access report cards by district, public school, charter school or Statewide. The new site also provides access to the report databases (SRC.mdb) as well as translation guides.

When accessing <https://reportcards.nysed.gov/>, you may be prompted to share your location (depending on your internet browser). We recommend that you do so to allow Google Maps to default the view to your current location. By providing your location to your web browser, this permits the web site to automatically display schools and districts nearest you (users will still be able to access any district information from across the State).

Please be sure to change any links or bookmarks you may have on your web site(s) that refer to the NYS Report Cards to <https://reportcards.nysed.gov/>.

If you have any questions about this new site, please contact Information and Reporting Services at [dataquest@mail.nysed.gov](mailto:dataquest@mail.nysed.gov).
